7.1.1 Peculiar Pieces

Challenge 1

Gossiping

During the week end, it is possible to use the gaps between the session to gossip about a particular piece. A player has to work for a few hours to influence the global behavior of the audience.

A roll can be done every **15 minutes**. Sum up the total margins before the session start to see how the action was. **10 margin gives a 1 gossip influence**.

The rolls:

- PRE knavery DV 15
- INT Persuasion DV 15
- TEM Forgery DV 10
- PRE Arts DV 15
- PRE Art(specialty) DV 5 with the specialty in the domain.

Observation Round

This is a ritual that takes place between two sessions and priori to the first. everybody has the opportunity to have a look at the pieces that are going to be sold. No one can touch a piece, and the preservation distance is of one meter. There is a rope tight at that distance to prevent people from going to close anyway. Lasers sensors are however there (TECH+sensor DV 20 or DV 15 with relevant device).

7.1.3 Back Alleys Encounters

 Challenge 3

Yakuza

There are four scravers sent to the auction by the Hakura Sakomi: Yoko Uzen*, Babo Ido, Tareka Ozama* and Kudoshi Sakuya*.

Their goal is not to intervene, but to lurk around Floyd Carnau to see what the Van Dykes are here for.

Kudoshi will intervene during the auction to check where the Van Dykes want to go and what kind of Pieces they will acquire.

They will not hesitate to run preventive attacks on minor allies if they think there's a need to set boundaries.

The Hakura Sakomi, if they feel the need to demonstrate their power, will try to go harsh with the players helps. This can happen on Derik Bradshow, Tobias Frosth*, Marzis Dabrez ot even Fergus Rouge.

...

It becomes obvious that someone told about the Tiresius Fields to the Hakura Sakomi. And this cannot come from the Van Dykes as nobody is yet aware.

Forbidden Love

A very interesting situation during the the week end at Sleeves is that opportunity to note that Lady **Deborah Sterling Hawkwood*** is meeting her paramour, the famous **Orlando Suarez de Hazat***.

And Politics

Yes, this can be preposterous, has **Artus de Glam** is waiting for this event since the very beginnning three years ago. He considers this behavior some sort of treason, not to the husband **Casper Sterling Hawkwood**, but to the emperor himself that has put a lot of faith in Orlando by making him one of the Phoenix Guard.

To avoid any problem, Deborah's entourage is here to stand and watch. **Cecilia Aliente** will stand at amost all times with her mistress, when **Christie Varlanof** will ensure any auction to show an active front to the public, with the support of **Valerius Van de Broeke***.

If Artus discovers something, he could ask for the assistance of **Uther Cyprian Hawkwood** that would try to get some reason from his friend. Orlando could easily burst in anger (this is the only topic that would provoke this), but Uther would at all cost avoid to fight his brother-in-arms.

Ignacio Rolas de Hazat, Orlando's best friend, will stand on Uther position if he can.

If the affair between the two paramours goes beyond Sleeves, Orlando would be tagged easily by the Emperor's enemies. Artus thinks the best for the crown is to have him die here.

This weapon was used by the infamous Gerald Van Gelder five centuries ago, and it used it to kill more than 665 decados nobles with it, so the legend tells. During his last battle, he decided to show mercy to his last prey that killed in the back. Radik Decados kept the blade, but committed suicide with that same blade a few weeks later.

Notes:

The sword is cursed. The new owner of this blade will be the subject of strange dreams about sword fighting, hearing a voice in the background apparently reading rules of fencing (the voice is Gerald's). After each dream, check TEM+Stoic Mind vs DV 20. If failed, a random SPIRIT attribute point is lost. If passed, a melee point is earned and a fencing technique is discovered. There can be up to 10 dreams.

7.4.2 Dead Uncle

Place	Rampart / Avaneir / Lion Borrough / Masseri Manse
Date	LiRA 5018-05-19
Challenge	5
Anchor	Floyd Carnau / Calistre d'Igneden

Late at night, **Fenton Hardin** comes at Rosetta to visit **Fergus Rouge**. The man seems to be really preoccupied, and there's a very good reason to that: his cousin, **Giorgio Masseri** has been killed, poisoned.

He came by tonight to have dinner with his parent, and when he and **Alina Lecci**, the young servant reached the salon where giorgio was waiting for him, they found his body dead on his favorite chair.

None of the items earned from Sleeves, if any, are missing. Fenton has called for the authorities, and after they came and asked him about his whereabouts, he came directly to find his friend, badly feeling the need to talk.

Giorgio Masseri has been killed by **Eva Lise Decados***. The are not that many hints about that, except a finger print on a bottle and a second glass on a table that leads to think the killer was a woman Giorgio knew.

She used the window of the room recently prepared for Fenton to minimize her efforts.

The Mantis and the Star

There is one thing that Eva Lise wants from Giorgio: his ♁Manticore ♁

The Legacy

Giorgio was not that close to his family. He barely knew Fenton, and has a few encounters with **Clara Masseri***. He was genuinely fond of them, but the distance between his calm and the rage of Clara, especially on the subject of the future of the House always kept a rift between them.

He knew he won't escape Eva-Lise, so he put into motion a way to achieve a long term association he had with **Bertram Van Gelder**. Thus, he sold most of his assets, except his house, to try to buy Gerald Van Gelder Cutlass, for an exchange with Bertram: the last jumpkey to the lost world of Verona, once the land of the Masseri. He wrote a letter to Clara after the auction, containing a chip with enough to understand to contact Bertram. The last one, knowing about the issue of the auction, has planed to come to visit Giorgio anyway.

Notes

- Only a few people, among whom Clara, know that Giorgio has his right eye cybernetically improved to record video.

This back alley is also called **Cyberpsycho Row** by the local scrawers. It's a long scar going all along Metier IV. Built on former irrigation channels, it's a little below sea level, and sometimes a gentle stream flood the entire channel up to 1 foot. That's the reason why only muddy people come there at night.
