De Soto

Hailen De Soto is a stakeholder of the **Argus De Soto Imperial Shipyards** on Tethys. As she decided to have children with her lover, she wants to designate a representative for a seat on the ADS imperial shipyards, and she wants someone with technical background on the celestial ships construction, and Josef pointed at Floyd Carnau for this. However, a better choice would certainly be **Shezir Mekhnes**.

The Situation

The first task assigned to the newly promoted representative would be to go for an inspection on the installation of the Rampart System on Draco, the first moon of Gargantua, the **Dragon Scale Station**. Three hundreds Hawkwoods work on this quite recent factory (reestablished since 4970 ADby the visionary engineer **Escher Colbray**. They build celestial engines with sathra dumper on this site, closely watched by the Church, represented by Bishop **Leon Davallo**. The site produces a hull 5 ship per month, thanks to the collaboration with the Li Halan station Lyon Claw on Kray’s Watch, lead by commander **Aisha Gordel Li Halan**.

Ship and Crew

Hailen owns a ship parked in Avaneir, the Lady In Satin. She permanently keeps a full crew to maneuver the ship, led by Captain **Philostrate Arbogast** (who spent most of his vacations in Avaneir in the **Brewery of K day**). The passphrase for new commander is take your vitamins captain.

They could be enrolled by the forces of the Black Den, but before that they would like to go to the Ungavorox system for spiritual matter. With a guild ship, the Starpointer, she went to the ancestral land of the vorox to have them fulfill their ritual, the Karan, a ritual of becoming a warrior. She has been fully promoted to an householder seat in one of the Houses, either Decados, D’Rouge-Glace or Li Halan as she wishes.

The team of vorox is composed as follow: **Gramalash, Kazuya, Adrash, Toroko, Karkraaragraa, Nelko** and **Gapsi**

Jumps

Rampart ↔ Kish ↔ Icon ↔ Ungavorox (17 imperial days)

Karan Ritual

The Karan is an ancient ritual of becoming, by witch the prey becomes the predator. It takes three days to pass the ritual, and it is nowadays something that the few candidates automatically make. We the number of vorox able to achieve it being highly reduced, it has become something closer to a baptism than a real hunt with deadly threats (like it was in its former depiction).

The Trapped Nymph

A magnificent piece, this real scale marble sculpture of a young woman whose ankle is trapped under a root is estimated to £15000. Saksia wants in fact this piece out of curiosity: a friend of her told her that it saw the piece in **Raban Lamorie Decados** before his demise, and that the face of the figure seems to be a portrait of Saskia. There's no reason someone other than a true amateur d'art would try to acquire the piece...

As Edgar as a dept to **Saskia Varnovicz**, he will be very grateful to grant resourceful acquisitions to Floyd Carnau.

Having Edgar as a business partner is a good way to establish a long term post in Avaneir, something the Van Dyke Cartel was never able to achieve due to the presence of concurrent Scravers Clan, like the **Hakura Sakomi Scravers**.

Edgar has interest in getting read from those bandits, and will try a coup against them via the Van Dyke Cartel. He will use his best enforcers to assist the Van Duke Cartel from the shadows, the slayer **Maaraf Tongren**.

6.1.7 Relic Chasers

Place	Rampart / Veneto / Salt Province / Miret Cathedral
Date	LiRA 5018-04-02
Challenge	7
Anchor	Calistre d'Ignedin

Back to the Agathis

The Agathis is a piece that the Vanderen Cartel wants to obtain at all cost. As soon as it is releases from the hands of the Decados, allies of the Vanderen Cartel, Members of the Invisible Path will launch an action to take the relic.

The Invisible Path

However, the occultists will quickly realize what use can be made of the Agathis, and schism will grow quickly between conservatives and activist members that will luckily break the status quo inside the coven, with the current director of the Coven, **Elias Rastenberg** having to deal with rebels activists lead by the bold **Farad Ashara**. Few people actually know about the presence of the coven in south Veneto, except for **Larusso Van Gelder**, the famous chameleon assassin, and **Fiona D'Enguerrand**, Minister of External Affairs of the Black Dragon Den and actual leader of the Favyana Coven based in the Den.

Favyana

Having heard of the event and its circumstances, Fiona will try to join the players as soon as possible. Of course, evoking directly what she is involved with is not something that she will do, and if she cannot figure out there's an occultist among the player, she will push on the neutrality of **Larusso Van Gelder** either to get closer to the character (he won't charge her for that) or to be her ambassador if the things are getting trickier.

Invisible Schism

During the attack of the Orthodox Guards in the Cathedral, twelve of them were killed by the covenant. This will cause a lot of doubt about the players credibility if they try to open lines of communication with those murderous heretics. Actually, the members of the Invisible Path have return to their hidden shelter in Rudolph, but fearing for the consequences of their act, a bold move but totally missing insight, Elias has decided to fire them. Of course, he let them go with the Agathis, but he as them closely watched by **Kyoko Zee M'aï**, a neutral occultist close to **Irène de Glacemer**, that will help him out of preserving the tranquillity of **Rudolph**.

The Dissidents

The two other dissidents are **Owen Calabra*** and **Mythra Standfill***.

Consequences

Activity with the invisible path will bring attention from the **Kalinthi**, and **Arlan Secato** will try to establish communication lines with the players.
